Draft Regulation

Public Health Act
(chapter S-2.2)

Vaccination registry and unusual clinical manifestations temporarily associated with vaccination — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting the vaccination registry and unusual clinical manifestations temporarily associated with vaccination, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation postpones to 31 December 2018 the deadline until which any institution operating a general and specialized hospital centre or local authority that does not have access to the information asset provided for in the Public Health Act must keep the information prescribed so that it can be released for registration in the vaccination registry and so that it can be used or released in accordance with the Public Health Act. The draft Regulation also postpones to 31 December 2018 the deadline until which any vaccinator or health professional not acting within the scope of the mission of a centre operated by an institution must keep the information prescribed so that it can be released for registration in the vaccination registry and so that it can be used or released in accordance with the Public Health Act.
