“DIVISION VII.0.1
ANNUITY PURCHASING POLICY

§1. *Funding with regard to the annuity purchasing policy*

61.0.1. The funding requirements provided for in this subdivision apply to the payment of benefits according to the annuity purchasing policy referred to in section 142.4 of the Act.

61.0.2. Where the actuarial valuation as at the date of the agreement with the insurer shows that the degree of solvency of the plan, established without taking into account the purchase of annuities, is less than 100%, a special annuity purchasing payment must be paid into the pension fund to maintain the degree of solvency of the plan at the level established before the purchase of the annuities.

Where the degree of solvency is greater than or equal to 100%, the payment of benefits must not cause the degree of solvency of the plan to be less than 100%. Otherwise, a special annuity purchasing payment must be paid into the pension fund to maintain the degree of solvency at 100%.

Where payment of the benefits of the members and beneficiaries is made by way of subrogation under section 61.0.5 and as a result the degree of solvency of the plan is reduced below the level set under the first or second paragraph, a special annuity purchasing payment must be paid to maintain the degree of solvency of the plan at the level established before the benefits of the members or beneficiaries are paid or at 100%, as the case may be.

61.0.3. In order for benefits to be paid under the annuity purchasing policy, the employer must consent in writing to pay into the pension fund the special annuity purchasing payment required under section 61.0.2.

61.0.4. The special annuity purchasing payment is payable in full as of the date following the date of the actuarial valuation referred to in subparagraph 3 of the first paragraph of section 118 of the Act.

61.0.5. The annuities purchased directly from an insurer in respect of service credited under a pension plan, but not pursuant to the annuity purchasing policy of the plan, may be paid in accordance with the annuity purchasing policy of the pension plan by subrogating the member or beneficiary of the annuity in the rights of the pension fund as regards the contract entered into with the insurer.

§2. *Annuity purchasing policy*

61.0.6. This subdivision determines the requirements for a plan's annuity purchasing policy established in application of section 182.1 of the Act.

61.0.7. The annuity purchased from an insurer must have the same characteristics as the pension payable under the pension plan.

However, if no annuity of the type to which the member or beneficiary is entitled is available on the market due to its nature, in order to have an insurer guarantee the pension, the characteristics of the annuity that make it unavailable on the market may be replaced by similar characteristics that do not entail such a result.

The annuity thus modified must, on the date of the agreement with the insurer, be of a value equal to that of the pension to which the member or beneficiary is entitled under the plan. These values must be established on the basis of the actuarial assumptions referred to in section 61 of the Act.

61.0.8. In the case referred to in the second paragraph of section 61.0.7, for the purchase of the annuity of a member or beneficiary to be considered final payment of his benefits, the member or beneficiary must, within 30 days of the date on which the notice provided for in the second paragraph is sent, consent in writing to the replacement of the characteristics of his pension.

The member or beneficiary must be informed in a notice of the amount and characteristics of the annuity whose purchase is being proposed to replace those of the pension payable under the plan and the effects that replacing the characteristics of the annuity has on the benefits accrued under the plan. A consent form must be enclosed with the notice.

In addition to the information provided for in the second paragraph, the notice must indicate that the purchase of the annuities is contingent on the premium required by the insurer. Furthermore, it must indicate that a notice containing the information required under paragraph 9 of section 61.0.10 will be provided to each member or beneficiary who has consented to the replacement once his annuity has been purchased from an insurer or, if applicable, once he has opted not to proceed with the payment of his benefits.

61.0.9. Where the spouse of the annuity holder is entitled, on the holder's death, to the pension referred to in section 87 of the Act, the contract with the insurer must provide that the spouse of the holder cease to be entitled to such benefits in any situation referred to under section 89 of the Act, unless the holder has sent the notice provided for under that section to the pension committee or a similar notice to the insurer.

Furthermore, the contract with the insurer must provide that the holder of the annuity may, if his spouse is no longer entitled to benefits in accordance with the first paragraph, require that his annuity be replaced by another, under the conditions provided for in the first and third paragraphs of section 89.1 of the Act.

For the purposes of the first paragraph, the holder of the annuity is a member of a pension plan whose benefits were paid in accordance with the annuity purchasing policy.

61.0.10. The annuity purchasing policy must indicate

- (1) that it has been established by the person or body who may amend the pension plan;
- (2) the rules regarding its revision;
- (3) the circumstances under which annuity purchases may be made from an insurer;

(4) whether the benefits of members and beneficiaries may be paid in part and the special conditions that apply to such a payment;

(7) the criteria for selecting the annuities to be purchased from an insurer;

(8) the requirements referred to in sections 61.0.7 and 61.0.8 regarding the characteristics that the annuity purchased from an insurer must have and the conditions under which the characteristics of the pension may be replaced, in particular regarding the written consent of the member or beneficiary with regard to replacing the characteristics of his pension;

(9) the information that must be provided to each member and beneficiary whose benefits are paid in accordance with the annuity purchasing policy, such as the amount and the characteristics of the annuity purchased, the name and contact information of the insurer and the rules provided for in section 182.2 of the Act;

(10) the process and the criteria for choosing the insurer;
