### M.O., 2018

#### **Order 2018-03 of the Minister of Transport, Sustainable Mobility and Transport Electrification dated 22 March 2018**

An Act respecting the Réseau électrique métropolitain (chapter R-25.02)

Zones in the jurisdiction of the Autorité régionale de transport métropolitain that lend themselves to coordination of urbanization and shared transportation services

THE MINISTER OF TRANSPORT, SUSTAINABLE MOBILITY AND TRANSPORT ELECTRIFICATION,

CONSIDERING section 97.1 of the Act respecting the Autorité régionale de transport métropolitain (chapter A-33.3) which assigns to the Autorité régionale de transport métropolitain the power to identify zones in its jurisdiction that lend themselves to coordination of urbanization and shared transportation services it finances, even in part, through the imposition of transportation dues;

CONSIDERING section 97.2 of that Act which assigns to the Autorité régionale de transport métropolitain the power to make a by-law subjecting certain work to payment of transportation dues;

CONSIDERING that, under section 36 of the Act respecting the Réseau électrique métropolitain (chapter R-25.02), in the pursuit of its mission and to increase shared transportation services in the Montréal metropolitan area, the Autorité régionale de transport métropolitain must among other things promote the construction of the Réseau électrique métropolitain, now known as the Réseau express métropolitain;

CONSIDERING section 84 of that Act which provides that 26 November 2017 is the deadline before which the Autorité régionale de transport métropolitain must make the first by-law concerning the transportation dues regarding the Réseau express métropolitain project and that failing that, the Minister may make the by-law and in such a case, replace the Autorité régionale de transport métropolitain for the identification of the zones concerned;

CONSIDERING section 12 of the Regulations Act (chapter R-18.1) which provides that a proposed regulation may be made without having been published, if the authority making it is of the opinion that the urgency of the situation requires it;

CONSIDERING section 88.10 of the Transport Act (chapter T-12) which provides that implementation of the Réseau express métropolitain project must be authorized by the Government;

CONSIDERING that the Caisse de dépôt et placement du Québec must submit its proposal regarding the project and that the proposal specifics are likely to lead to speculation, particularly in the zones subject to transportation dues;

CONSIDERING that it is essential for the local municipalities that will be collecting the transportation dues on behalf of the Autorité régionale de transport métropolitain to be made aware of the details as soon as possible so that they may be prepared accordingly as soon as the by-law comes into force on 1 May 2018;

CONSIDERING that such a situation constitutes an urgency requiring the by-law be made without publication;

CONSIDERING that it is expedient to identify the zones in the jurisdiction of the Autorité régionale de transport métropolitain that lend themselves to coordination of urbanization and shared transportation services, those zones being the zones appearing on the maps appended to this Order;

ORDERS AS FOLLOWS:

The zones in the jurisdiction of the Autorité régionale de transport métropolitain that lend themselves to coordination of urbanization and shared transportation services are the zones delineated on the maps appearing as Schedules appended to this Order;

This Order comes into force on 1 May 2018.

ANDRÉ FORTIN,  
*Minister of Transport, Sustainable Mobility and  
Transport Electrification*

---

### SCHEDULE

## ZONES IN THE JURISDICTION OF THE AUTORITÉ RÉGIONALE DE TRANSPORT MÉTROPOLITAIN THAT LEND THEMSELVES TO COORDINATION OF URBANIZATION AND SHARED TRANSPORTATION SERVICES

**Legend**

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 1 000 metres, extending outward from Deux-Montagnes Station. The project is subject to the approval of the Régie régionale de l'aménagement et du territoire de la Région métropolitaine de l'Est de Québec, in accordance with the project submitted to the Authority by the City of Deux-Montagnes on November 23, 2017.

Location of Deux-Montagnes Station  
 X: 2,72545; 2033016  
 Y: 46,05111; 46,05111  
 (NAD 83, MTR83)

PROVINCE	NUMÉRO	DATE	CONTRÔLE	PROJET	PROJET

**BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS MÉTROPOLITAIN**

Title: **Annex B**  
**ZONE 1: Deux-Montagnes Station**

Scale: **1:10000**

 - Régie régionale de l'aménagement et du territoire de la Région métropolitaine de l'Est de Québec, 2017 (2017), reference project transmitted on 2017-11-23

Document: **MTR8 (NAD 83)**

Format: **TIF/T** Sheet No.: **102**

For information only, the lots that are wholly or partly situated in the zone of Deux-Montagnes Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 1,000 metres, extending outward from Grand Moulin Station, as shown on the map. The project was transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a watercourse.

Location of Grand Moulin Station

Plan no.: 11417  
 Sheet no.: 205

For information only, the lots that are wholly or partly situated in the zone of Grand-Moulin Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

**Legend**

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Rue
- Street name

The zone corresponds to a circle having a radius of 100 metres and is centred on the location of the Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a water course.

Location of Ste-Dorothee Station  
 46° 52' 10.12" N  
 -71° 24' 38.0181" W  
 (NAD 83, MTM8)

**BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN**

Annex B  
 Zone 3: Ste-Dorothee Station

Source: - Cadastre © Gouvernement du Québec, (2017) 2628  
 - REM Station © CDMO/ARJM, reference project transmitted on 2017-11-23

Projection: MTR 83 (NAD 83)  
 Unit: Metres

For information only, the lots that are wholly or partly situated in the zone of Ste-Dorothée Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Table with 17 columns of numerical values ranging from 1082250 to 1506109, representing lot numbers and associated identifiers.

- Street name

The zone corresponds to a circle having a radius of 125 m centered on the location of the REM Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delimitation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a watercourse.

 BY-LAW RESPECTING TRANSPORTATION DUES  
 REGARDING THE RESEAU EXPRESS METROPOLITAIN

**Plan:**  
 Annexe B  
 ZONE 7: Bois-Franc Station

Chambre de Commerce et d'Industrie - 0011 52-28  
 Bois-Franc Station - 05 CDP/05/16, reference project transmitted on  
 20171125

Projet: MTR 8 (Mét 85)  
 Date:  

For information only, the lots that are wholly or partly situated in the zone of Bois-Franc Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Projection: MTM18 (NAD 83)

For information only, the lots that are wholly or partly situated in the zone of Montpellier Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Projet: MTR 8 (Annex B)

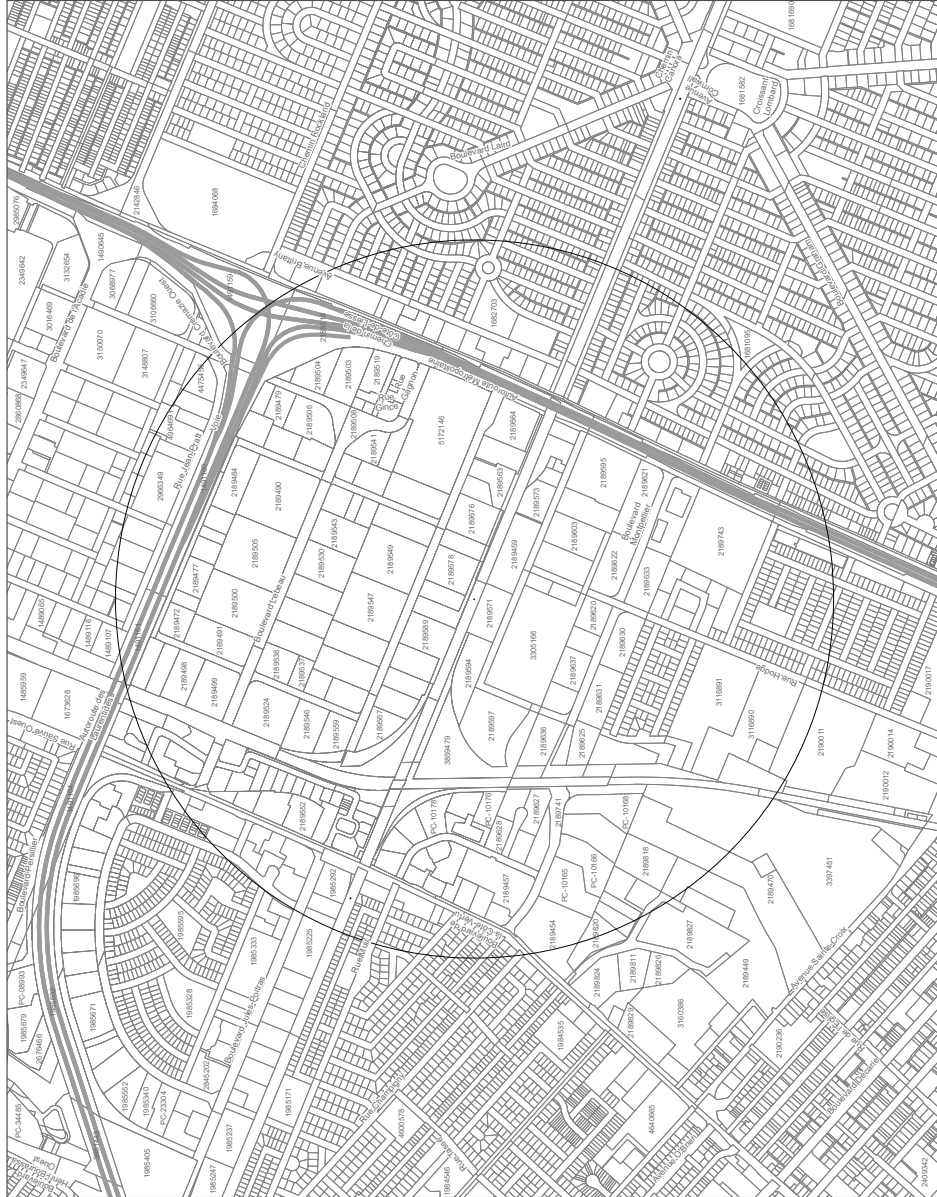

Date:  

1:10,000

Feuille: 10117    Section: 1026

For information only, the lots that are wholly or partly situated in the zone of Correspondance A40 Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

- Legend**
- Zone
  - Lot boundary
  - 1234567 Lot number
  - Hydrography
  - Highway
  - Street name

The zone corresponds to a circle having a radius of 1,000 metres, extending outward from Centre Station, 1000 metres from the intersection of the project, transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

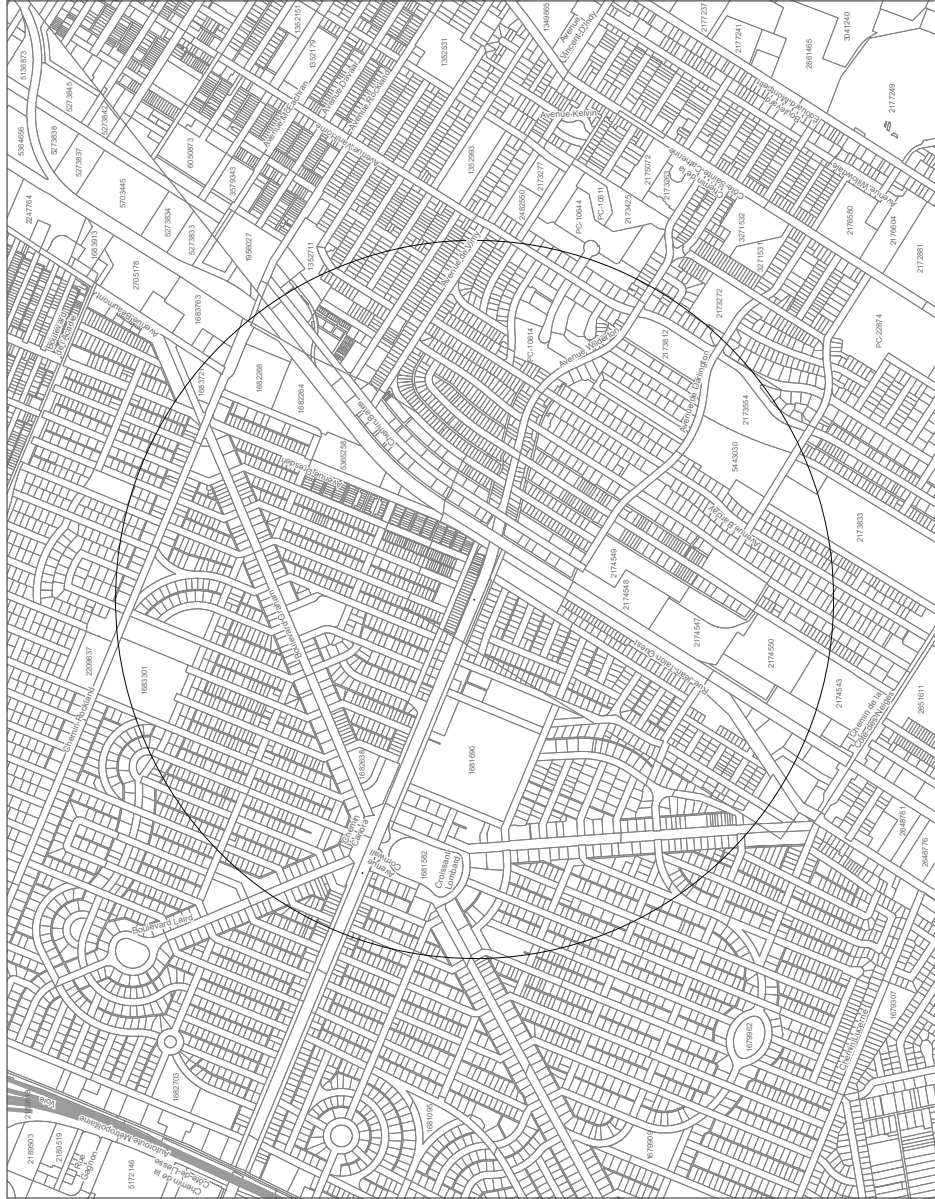

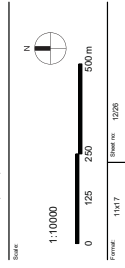

Location of Centre Station  
 X: 294,342,283.847  
 Y: 504,150,558.77  
 (NAD 83, MTM6)

For information only, the lots that are wholly or partly situated in the zone of McGill Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

The zone corresponds to a circle having a radius of 100 metres centred on the location of the REM Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delimitation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a watercourse.

Date:

1:10000

Format: 10117  
 Sheet no.: 10206

For information only, the lots that are wholly or partly situated in the zone of Panama Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Table with 30 columns of numerical data representing land parcels and their associated identifiers.

The zone corresponds to a circle having a radius of 1000 metres, extending outward from Du Quarter Station.

The project is a project of the Réseau Express Métropolitain (REM) transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any immovable in an agricultural zone within the meaning of the Act respecting the preservation of agricultural land and agricultural activities (CQLR, chapter P-41, 1°).

For information only, the lots that are wholly or partly situated in the zone of Five-Six Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building

**Project:**  
 BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

**Title:**  
 Annexe B  
 ZONE 25: Technoparc Saint-Laurent Station

Consulte: © Gouvernement du Québec - 027.732.38  
 Bureau: - REEM Station © CDP/CPV inc. in reserve project transmitted on 2017-11-23

Projet: - MTR (Phase B3)  
 Date: \_\_\_\_\_

Scale: 1:10,000  
 Sheet No.: 26208

For information only, the lots that are wholly or partly situated in the zone of Technoparc Saint-Laurent Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building

For information only, the lots that are wholly or partly situated in the zone of Aéroport Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.
