

M.O., 2018**Order 2018-04 of the Minister of Transport,
Sustainable Mobility and Transport Electrification
dated 22 March 2018**

An Act respecting the Réseau électrique métropolitain (chapter R-25.02)

Transportation dues regarding the Réseau express métropolitain

THE MINISTER OF TRANSPORT, SUSTAINABLE MOBILITY AND TRANSPORT ELECTRIFICATION,

CONSIDERING that, under section 36 of the Act respecting the Réseau électrique métropolitain (chapter R-25.02), in the pursuit of its mission and to increase shared transportation services in the Montréal metropolitan area, the Autorité régionale de transport métropolitain must among other things promote the construction of the Réseau électrique métropolitain, now known as the Réseau express métropolitain;

CONSIDERING section 97.2 of the Act respecting the Autorité régionale de transport métropolitain (chapter A-33.3) which assigns to the Autorité régionale de transport métropolitain the power to make a by-law subjecting certain work to payment of transportation dues;

CONSIDERING section 97.3 of that Act which provides the content of that by-law, in particular the zones within which work is subject to dues, which zones must correspond to those identified in accordance with section 97.1 of that Act;

CONSIDERING section 84 of the Act respecting the Réseau électrique métropolitain which provides that 26 November 2017 is the deadline before which the Autorité régionale de transport métropolitain must make the first by-law concerning the transportation dues regarding the Réseau express métropolitain project and that failing that, the Minister may make the by-law;

CONSIDERING the zones lending themselves to coordination of urbanization and shared transportation services identified in Minister's Order 2018-03 dated March 22, 2018;

CONSIDERING section 12 of the Regulations Act (chapter R-18.1) which provides that a proposed regulation may be made without having been published, if the authority making it is of the opinion that the urgency of the situation requires it;

CONSIDERING section 88.10 of the Transport Act (chapter T-12) which provides that implementation of the Réseau express métropolitain project must be authorized by the Government;

CONSIDERING that the Caisse de dépôt et placement du Québec must present its proposal regarding the project and that the proposal specifics are likely to lead to speculation, particularly in the zones subject to transportation dues;

CONSIDERING that it is essential for the local municipalities that will be collecting the transportation dues on behalf of the Autorité régionale de transport métropolitain to be made aware of the details as soon as possible so that they may be prepared accordingly as soon as the by-law comes into force on 1 May 2018;

CONSIDERING that such a situation constitutes an urgency requiring the by-law be made without publication;

CONSIDERING it is expedient to make the first by-law referred to in section 97.2 of the Act respecting the Autorité régionale de transport métropolitain concerning transportation dues regarding the Réseau express métropolitain;

ORDERS AS FOLLOWS:

The first by-law of the Autorité régionale de transport métropolitain concerning transportation dues regarding the Réseau express métropolitain, the text of which is appended to this Order, is hereby made;

The zones in which work is subject to such dues are those identified in Minister's Order 2018-03 dated March 22, 2018.

ANDRÉ FORTIN,
*Minister of Transport, Sustainable Mobility and
Transport Electrification*

TRANSPORTATION DUES BY-LAW

An Act respecting the Autorité régionale de transport métropolitain
(chapter A-33.3, r. 1)

SCHEDULE

By-law respecting transportation dues regarding the Réseau express métropolitain

Act respecting the Autorité régionale de transport métropolitain

CHAPTER I INTRODUCTION

1. The purpose of this By-law is to finance the Réseau express métropolitain (REM), a shared transportation system, by subjecting certain work to payment of transportation dues in zones within the jurisdiction of the Autorité régionale de transport métropolitain (the Authority) and identified as lending themselves to coordination of urbanization and shared transportation services.

2. A further purpose of this By-law is to require a permit be obtained for work subject to REM transportation dues if the work may be carried out without such a permit in a local municipality's territory, in accordance with section 97.7 of the Act respecting the Autorité régionale de transport métropolitain.

CHAPTER II DETERMINATION OF TRANSPORTATION DUES

DIVISION 1 RATE AND CALCULATION OF DUES

3. The work under Division 2 of this Chapter is subject to payment of transportation dues with respect to a building wholly or partly situated in a zone that lends itself to coordination of urbanization and shared transportation services financed by the Authority, even in part, as those zones are more amply described in Chapter III, at the applicable rate set in Schedule C and adjusted in accordance with section 85 of the Act respecting the Réseau électrique métropolitain.

The dues are calculated in accordance with section 97.2 of the Act respecting the Autorité régionale de transport métropolitain at the time the relevant permit is issued for the work subject to payment of the dues.

The rate of the dues is adjusted by operation of law in the same manner as the amount of \$750,000 set in the first paragraph of section 97.2 of the Act respecting the Autorité régionale de transport métropolitain, using the provisions in that section that determine the adjustment of that amount.

DIVISION 2 WORK SUBJECT TO PAYMENT OF DUES

4. The following work having a value and floor area exceeding the value and floor area out in section 97.2 of the Act respecting the Autorité régionale de transport métropolitain is subject to the payment of dues if the work is carried out to

(1) Erect a building;

(2) Rebuild a building except for floor area reconstruction following a fire that occurred in the preceding 24 months;

(3) Increase the floor area of a building; or

(4) Redevelop a building in connection with a change in use, even partial, consisting in a change from one to another of the following 8 classes, described in Schedule D which forms an integral part of this By-law:

1. Housing;

2. Retail, restaurant or entertainment trade and personal services;

3. Business offices and professional services;

4. Accommodation or conference venue business;

5. Institutional;

6. Industry, wholesale trade, para-industrial services and automobile services;

7. Research and development industry and data centres;

8. Other.

DIVISION 3 VALUE OF WORK

5. For the purpose of determining the transportation dues, the value of the work subject to payment of the dues that is established by the municipality at the time the permit is issued includes the total of the following fees, excluding taxes:

(1) fees for supplying and installing all material and equipment integrated into the building, including the material and equipment relating to architecture, structure, mechanics and electricity, but not including fees for supplying and installing devices used in connection with an industrial process or industrial production; and

(2) excavation and backfilling fees.

DIVISION 4 **DETERMINATION OF THE FLOOR AREA** **OF WORK SUBJECT TO PAYMENT OF** **TRANSPORTATION DUES**

6. For the purpose of determining the transportation dues, the floor area of work subject to payment of the dues is equal to the sum of each floor area covered by the work, including mezzanine and basement work. Floor area is measured from the outside surface of the external walls.

DIVISION 5 **PAYMENT OF DUES**

7. The debtor of the transportation dues is the owner of an immovable on which work under section 4 is carried out.

The term “owner” means

(1) the person holding the right of ownership in an immovable;

(2) the person possessing an immovable as the emphyteuta;

(3) the person possessing an immovable as the usufructuary;

(4) the person holding a right of superficies in an immovable;

(5) the occupant of an immovable belonging to a person referred to in section 97.12 of the Act respecting the Autorité de transport régional métropolitain or belonging to any other person not subject to payment of the transportation dues, excluding occupation by any of those persons; and

(6) the syndicate of co-owners.

8. The dues are payable by the owner, are collected by the local municipality on behalf of the Authority, and must be paid in full by bank draft at the time the permit referred to in the second paragraph of section 3 is issued. Payment by a third person is deemed to be made on behalf of the owner.

9. Assessment of whether the threshold levels are met for work subject to payment of dues must take into consideration the value of the constructions and works and the movables incorporated as well as the floor areas previously authorized for a building owned by the same owner by municipal by-laws or this By-law since its coming into force and in the 48 months since the last authorization.

10. If work subject to payment of dues is carried out without a permit, the dues are payable by the sole fact that the work is work subject to such payment.

CHAPTER III **RULES FOR THE DETERMINATION OF ZONES** **LENDING THEMSELVES TO COORDINATION** **OF URBANIZATION AND SHARED** **TRANSPORTATION SERVICES**

11. This By-law applies with respect to the zones lending themselves to coordination of urbanization and shared transportation services identified in Minister’s Order 2018-03 dated march 22, 2018, those zones appearing with the stations and delineations in Schedules A and B.

The zones are defined in relation to where each REM station is located, using the Cartesian coordinates of each station shown in Schedule B, which are based on the North American Datum of 1983 (NAD83) and the Modified Transverse Mercator projection system (MTM Zone 8), in accordance with the Système québécois de référence cartographique (SQRC).

The zones for the Édouard-Montpetit, Gare Centrale and McGill stations correspond to a circle having a radius of 500 metres extending outward from each station.

The zones for the other stations listed in Schedule C correspond to a 1-kilometre circle extending outward from each station.

The zone delineation is adjusted to exclude any immovable in an agricultural zone within the meaning of the Act respecting the preservation of agricultural land and agricultural activities (CQLR, chapter P-41.1).

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by vehicle, owing to the presence of a watercourse.

CHAPTER IV EXEMPTIONS

12. In addition to the exemptions provided for in section 97.12 of the Act respecting the Autorité régionale de transport métropolitain, no dues are payable for work carried out on an immovable forming part of an agricultural operation described in section 36.2 of the Act respecting the Ministère de l'agriculture, des pêcheries et de l'alimentation (CQLR, chapter M-14).

CHAPTER V OBLIGATIONS OF THE MUNICIPALITY

13. The municipality in whose territory a zone is situated must, on the Authority's behalf, collect the dues payable for work subject to them carried out on a building, without any reduction in the dues even though the work is carried out on a building only partly situated in a zone.

14. The procedure for collecting the dues entails the municipality requiring every person applying for a permit for work under section 4 to furnish, in addition to the specifics required under the applicable permit issue system, all information and supporting documents required by Schedule E to assess whether the work covered by the application is to be made subject to the payment of dues.

15. If the work subject to this By-law may be undertaken without it being necessary for a permit to first be issued by the municipality, to be able to carry out the work the owner of the immovable concerned must obtain a permit issued under this By-law. The municipality is responsible for issuing the permit.

16. If the municipality becomes aware that the location of the building being worked on, the actual area of work under section 4 or the actual value of that work is different from that established at the time the authorizing permit is issued, the municipality must inform the Authority and the dues are adjusted higher or lower, entailing a supplement or a reimbursement, as the case may be.

17. Any provisions of this By-law requiring a permit be obtained to carry out work subject to the payment of transportation dues and providing for a permit issue system that are inconsistent with the provisions of a municipal by-law dealing with the same matter have no effect as with respect to the territory in which such a municipal by-law is in force.

18. Remittance to the Authority of the dues collected and the reports containing the related information is to take place on the dates and in the manner set forth in section 97.10 of the Act respecting the Autorité régionale de transport métropolitain.

CHAPTER VI OFFENCE PROVISIONS

19. Anyone who refuses or fails to pay the transportation dues determined by the municipality is guilty of an offence and is liable to a fine equal to the sum of the following amounts:

(1) the amount of the dues calculated under Chapter II; and

(2) the following additional amount:

(a) in the case of a natural person,

i. for a first offence: from \$250 to \$5,000;

ii. for a repeat offence: from \$500 to \$10,000; or

(b) in all other cases,

i. for a first offence: from \$250 to \$10,000;

ii. for a repeat offence: from \$500 to \$20,000.

The portion of the fine consisting of the amount of dues referred to in subparagraph 1 of the first paragraph is payable to the Authority as dues that should have been paid when they first became payable.

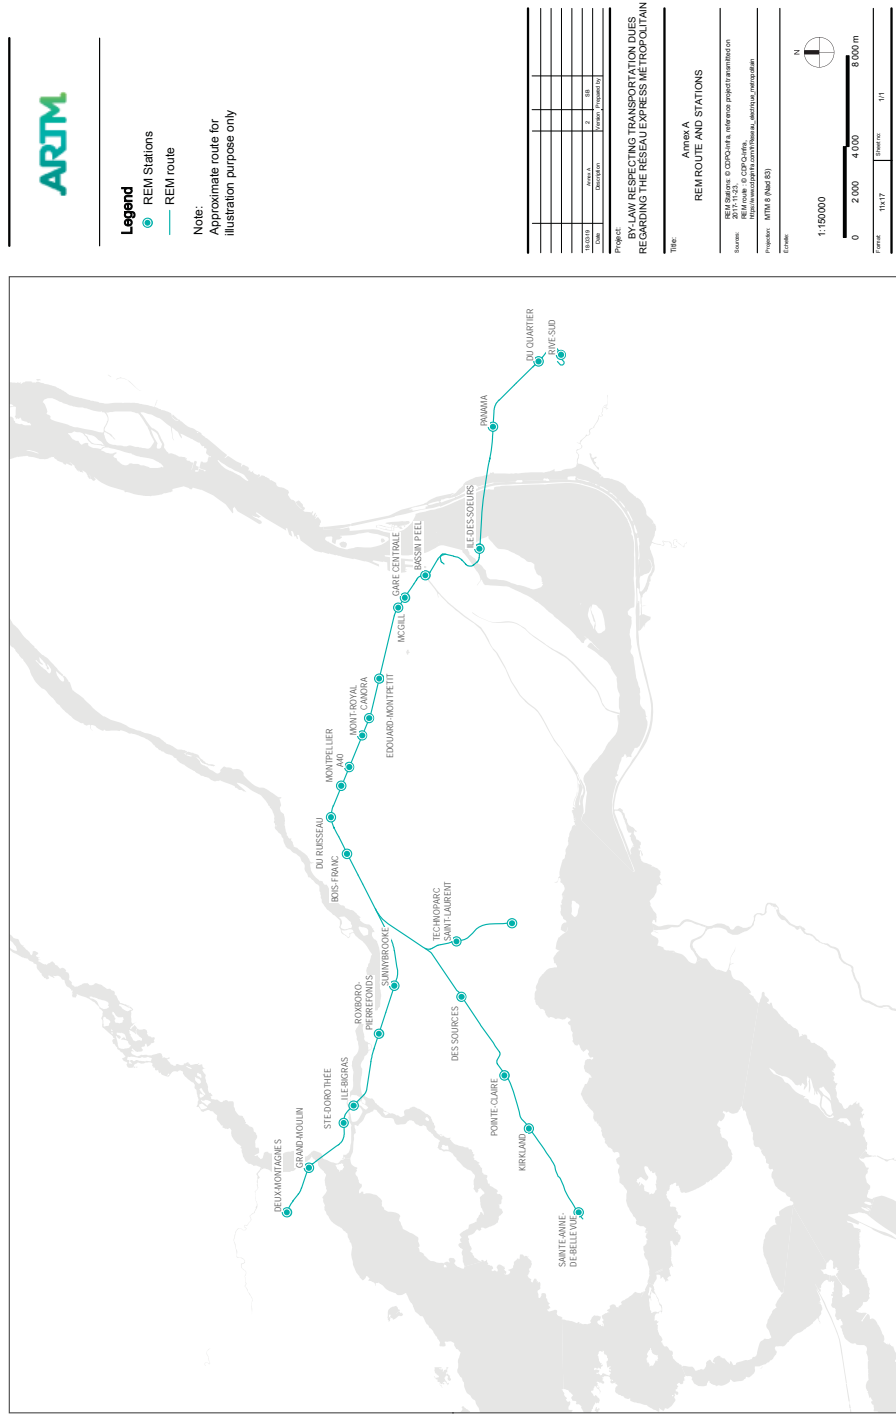

The Authority institutes the penal proceedings provided for in this By-law.

CHAPTER VII FINAL

20. This By-law comes into force on 1 May 2018.

This By-law is revoked, pursuant to subparagraph 2 of the second paragraph of section 38 of the Act respecting the Réseau électrique métropolitain (CQLR, chapter R-25.02), on the earlier of the date on which the six hundred million dollar (\$600,000,000) financing target is reached and the date that is fifty (50) years after the coming into force of this By-law.

Project	Author	Date

Annex B

ZONE 1: Deux-Montagnes Station

Author: G. Desjardins, Service de Québec, 0017-0928
Scale: 1:25000, 1:50000, 1:100000, 1:200000, 1:500000, 1:1000000
Projection: UTM 83 (North 83)

For information only, the lots that are wholly or partly situated in the zone of Deux-Montagnes Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 1,000 metres, extending outward from Grand Moulin Station. The zone is defined by the project plan transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a watercourse.

Location of Grand Moulin Station

Project:
 BY-LAW RESPECTING TRANSPORTATION DUES
 REGARDING THE RESEAU EXPRESS METROPOLITAIN

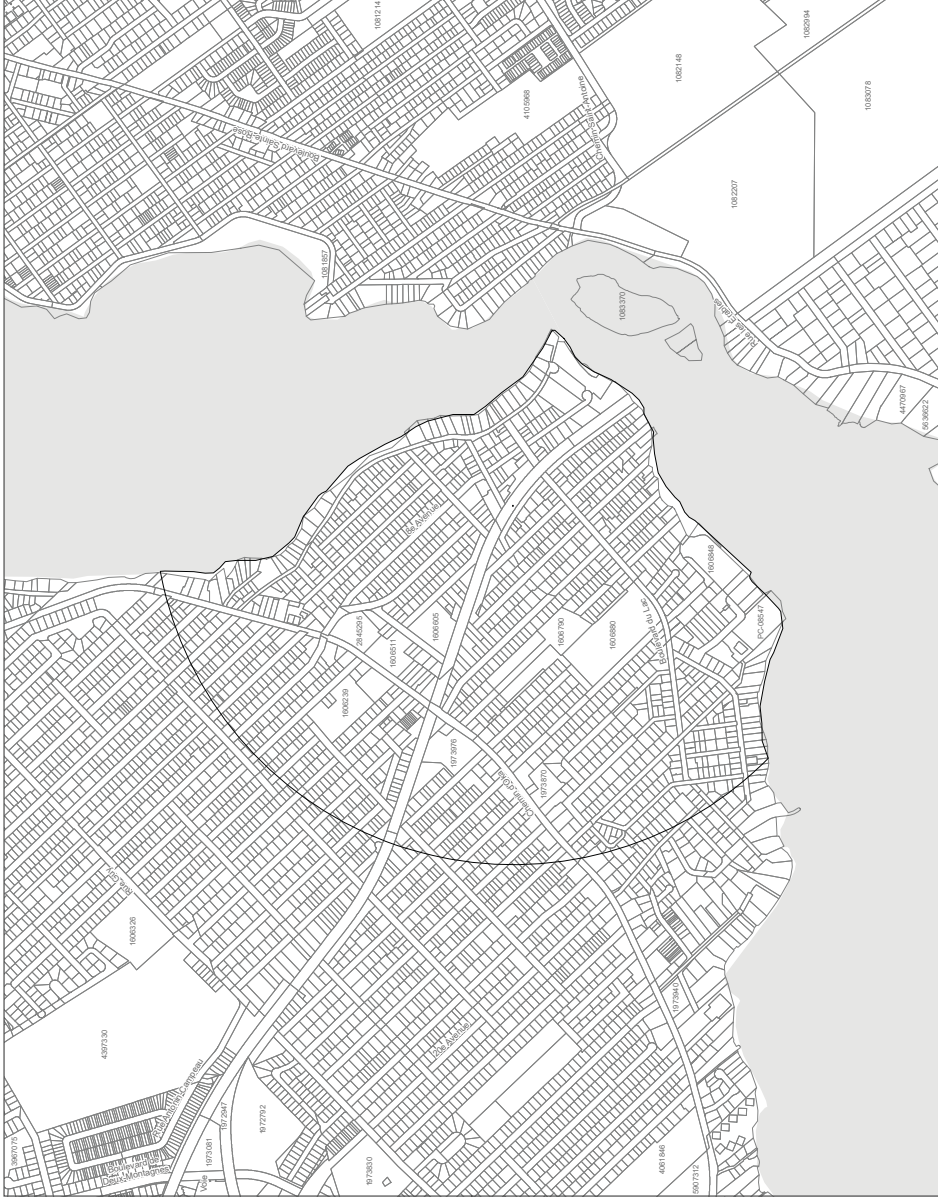

Title:
 Annex B
 ZONE 2: Grand Moulin Station

Revised:
 - Cahiers de Commandement du Québec - 001749-28
 - REM Station © CDPC/CRF, in reference project file numbered on
 2017-11-25

Revision: MTR 8 (Real ES)
Scale:

Scale: 1:1000
Sheet no.: 326
Total no.: 326

For information only, the lots that are wholly or partly situated in the zone of Grand-Moulin Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Rue
- Street name

The zone corresponds to a circle having a radius of 100 metres centered on the location of the Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a watercourse.

Sheet no.: 3/26

For information only, the lots that are wholly or partly situated in the zone of Ste-Dorothée Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 100 metres centered on the location of the Bigas Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a water course.

Location of the Bigas Station

 (NAD 83, MTM6)

Project	Area	Project Number
BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN	Zone 4: the Bigas Station	2017-0628

Project: BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Annex B
 Zone 4: the Bigas Station

Scale: 1:110000
 Date: 2017-11-23

Projection: MTM 6 (NAD 83)

Sheet: 10117
 Drawing: 426

For information only, the lots that are wholly or partly situated in the zone of Ile Bigras Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

The zone corresponds to a circle having a radius of 300 m centered on the location of the REM de la Gare Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a water course.

Zone: 18Q UTM

Sheet: 6/26

For information only, the lots that are wholly or partly situated in the zone of Sunnybrooke Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Annex B
Zone 7: Bois-Franc Station

Projet : Bois-Franc Station
 Révisé : MTR 8 (Maj 83)
 Date : 2017-11-25

For information only, the lots that are wholly or partly situated in the zone of Bois-Franc Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Population: MTR B (NAD 83)
Date:

For information only, the lots that are wholly or partly situated in the zone of Du Ruisseau Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

 Format : 10117
 Date : 9/26

For information only, the lots that are wholly or partly situated in the zone of Montpeller Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Plan: **Annex B**

ZONE 10: Correspondance A40 Station

Author: **Châtelineau, © Gouvernement du Québec - 09117, 09-29**
 Source: **REGISSTRATION © CADIP/ARJM, reference project transmitted on 2017-11-23**

Project: **MTM 8 (Map 83)**

Scale: **1:10,000**

For information only, the lots that are wholly or partly situated in the zone of Correspondance A40 Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN	B	11

Project: BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Annex: B
 Sheet: 11

Scale: 1:10000
 Date: 2017-11-23

Projection: MTR 68 (NAD 83)

Scale: 1:10000
 Date: 2017-11-23

For information only, the lots that are wholly or partly situated in the zone of Mont Royal Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

 Révisé: 2017-11-25

Projet: MTR (Métro)

For information only, the lots that are wholly or partly situated in the zone of Camora Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Scale: 1:10000

For information only, the lots that are wholly or partly situated in the zone of Édouard-Montpetit Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation duties will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 100 metres centered on the location of the Reference Station, whose location is indicated in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

Location of McGill Station
 X: 299 170 800604
 Y: 3544287 81871
 (NAD 83, UTM 18U)

Project: BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Sheet: **Annex B**
ZONE 14: McGill Station

Source: - Cadastre, © Gouvernement du Québec, 2017, 2018
 - RE 18 Station, © CDMQA inc., reference project transmitted on 23/11/2017

Scale: 1:10000
 Project: 11117
 Date: 14/02/2018

For information only, the lots that are wholly or partly situated in the zone of McGill Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 100 metres centered on the location of the REM Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delimitation is adjusted to exclude any lot from which access to the REM station in any season is not possible, on foot or by car, owing to the presence of a water course.

Location of Ile-Des-Sœurs Station

Project: BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Plan: Annexe B

Zone 17: Ile-Des-Sœurs Station

Scale: 1:10000
 0 125 250 500 m

Projection: MTM8 (Nad 83)
 Datum: 1917
 Zone: 1708

For information only, the lots that are wholly or partly situated in the zone of Ile-Des-Sœurs Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

 - REIM Station, © CDP/CS/SL, reference project transmitted on 23/11/17-25

Projet: MTR B (Annex B)

For information only, the lots that are wholly or partly situated in the zone of Panama Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

- Legend**
- ☐ Zone
 - ☐ Lot boundary
 - ☐ Lot number
 - ☐ Hydrography
 - ☐ Highway
 - ☐ Street name

The zone corresponds to a circle having a radius of 1,000 metres, extending eastward from Du Quartier project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delineation is adjusted to exclude any immovable in an agricultural zone within the meaning of the Act respecting the preservation of agricultural land and agricultural activities (CQLR, chapter P-41.1).

Project:
 BY-LAW RESPECTING TRANSPORTATION DUES
 REGARDING THE RESEAU EXPRESS METROPOLITAIN

Annex B
 Zone 19: Du Quartier Station

Scale: 1:10,000

Author: MTR (Métro) / ARJM

Date: 2017-11-25

Scale: 1:10,000

Scale: 0 125 250 500 m

Scale: 1:10,000

For information only, the lots that are wholly or partly situated in the zone of Du Quartier Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 100 metres centered on the location of the Rémé Station, whose location is described in the reference project transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

The zone delimitation is adjusted to exclude any immovable in an agricultural zone within the meaning of the Act respecting the preservation of agricultural land and agricultural activities (CAAR, chapter P-41.1).

Location of Rive-Sud Station

Location of Rive-Sud Station
 X: 5032325.45591
 Y: 5032325.45591
 (NAD 83, MTM8)

For information only, the lots that are wholly or partly situated in the zone of Rive-Sud Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building

Project:

BY-LAW RESPECTING TRANSPORTATION DUES
REGARDING THE RESEAU EXPRESS METROPOLITAIN

Plan:

Annex B
ZONE 22: Kirkland Station

Source: - Cadastre, © Gouvernement du Québec, (2017-09-28)
- RE 18 Station, © CDM Smith, référence projet (annexé) on 25/11/17

Projection: MTN 83 (NAD 83)

Date:

1:10000

Format: 11117 Dimensions: 27208

Legend

- Zone
- Lot boundary
- Lot number
- Hydrography
- Highway
- Street name

The zone corresponds to a circle having a radius of 1,000 metres, extending outward from the centre of the lot shown in the plan. The project is transmitted to the Authority by the Caisse de dépôt et placement du Québec on 23 November 2017.

Location of Pointe-Clare Station

ZONE 23 Pointe-Clare Station

Projet:
 - Caisse de dépôt et placement du Québec - 09117-06-29
 - RESEAU EXPRESS
 - 2017-11-23

Projet:
 - MTR 6 (Plan B)

Scale:
 1:10,000

For information only, the lots that are wholly or partly situated in the zone of Pointe-Claire Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

Project:
BY-LAW RESPECTING TRANSPORTATION DUES REGARDING THE RESEAU EXPRESS METROPOLITAIN

Site:
Annex B
ZONE 24: Des Sources Station

Projet:
 - Cahier de Gouvernement du Québec, 0017,06-28
 - RESEAU STATION: © CDP/CPA inc, référence projet transmise le 23-11-2017

Projet: MTR B (Annex B)

For information only, the lots that are wholly or partly situated in the zone of Des Sources Station, according to the graphic matrix of the cadastre, updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building covered by the work.

For information only, the lots that are wholly or partly situated in the zone of Technoparc Saint-Laurent Station, according to the graphic matrix of the cadastre updated on 28 September 2017, are listed in the following table.

Every lot that is wholly or partly situated in the zone at the time the permit is issued must be considered, even though it does not appear in this table. The municipality is responsible for determining whether a lot is situated in the zone, according to the most up-to-date version of the cadastre.

Whether work is subject to the transportation dues will be determined at the time the permit is issued, according to the location in the zone of the building

SCHEDULE D**REDEVELOPMENT OF A BUILDING IN CONNECTION WITH A CHANGE IN USE**

1. Work to redevelop a building in connection with a change in use, even partial, consisting in a change from one to another of the following 8 classes, even partially, is subject to payment of dues. Work in connection with a change in use, consisting in a change from one to another of the subclasses listed in the subparagraphs of the same class, is not subject to payment of dues.

1. **Housing**, namely uses involving residential housing with one or more dwellings and supervised or non-supervised collective housing with single rooms, including but not limited to:

- Single family, bi-family and tri-family housing
- Multi-family housing
- Collective housing, seniors' or student residence

2. **Retail, restaurant or entertainment trade and personal services**, refers to establishments selling goods at retail, offering a restaurant or alcoholic beverage service, whose main activity is dancing or a performance, or another form of entertainment that is generally integrated into commercial arteries or shopping malls or whose use involves the sale of personal services, maintenance or repair services or rental of miscellaneous products, including but not limited to:

- Convenience store, grocery or hardware store
- Shop or shopping mall
- Restaurant, bar, discotheque, performance hall, theatre
- Movie theatre, bowling alley, pool hall
- Sports hall, gym
- Real estate or financial agency, bank branch
- Childcare services, language school
- Personal care services, beauty care, hairdressing
- Medical services, medical clinics, other health professionals

3. **Business offices and professional services**, whose use involves the supply of professional or administrative services, including but not limited to:

- Architectural, city planning or engineering services, services of a notary or lawyer
- Administrative offices for financial, insurance or banking affairs

4. **Accommodation or conference venue business**, whose use involves an accommodation service for persons temporarily lodged or rental of conference rooms, in convention centres, including but not limited to:
 - Hotel, motel, inn or B&B establishment
 - Tourist home
 - Other accommodation activities
 - Meeting room, conference centre

5. **Institutional**, whose use involves the management of public affairs or contributes to the well-being and physical, intellectual or spiritual development of the population, including but not limited to:
 - Teaching institutions such as a school, university
 - Health and social service institutions such as a hospital or long-term care centre
 - Sports facilities such as an arena, sports centre, pool or stadium
 - Establishments related to public affairs and community services, such as a recreational centre, park, playground, public administration offices
 - Places of worship and establishments of a religious nature such as a house belonging to a religious institution, a cemetery or a mausoleum
 - Cultural establishments: libraries, museums

6. **Industry, wholesale trade, para-industrial services and automobile services**, whose use involves industrial manufacturing that may also include designing and developing goods and products, raw materials development, or whose use involves the sale of a good or product at wholesale or the sale of a service that may require extensive storage space, an exterior display, manipulation or parking of vehicle fleets, or the sale of services relating to an automobile or recreational vehicle, including but not limited to:
 - Manufacturing or industrial production, including furniture manufacture, metalworking, auto body repair shops or welding shops
 - Film production studios or linen and industrial laundry services
 - Sale of food and goods at wholesale, such as clothing, professional equipment or parts
 - Storage
 - A garage, vehicle maintenance centre or service station

7. **Research and development industry and data centres**, whose use involves discovery processes originating from product or process research and design, or data storage and distribution, including but not limited to:
- Research and development centres for advanced technology or emerging activities, including software or software package publishers and pharmaceutical research centres
 - Physical and chemical research centres, life science research, mathematics, computer science, communications and telecommunications research centres
 - Clusters of computer facilities used to store, distribute or process data
8. Any other use not comprised in the classes listed in paragraphs 1 to 7.

SCHEDULE E**WORK PERMIT ISSUE SYSTEM****1) INFORMATION ON THE IMMOVABLE**

Civil address of building or buildings: _____

Cadastre: _____

Lot owner's name: _____

2) APPLICANT

FULL NAME: _____

Same mailing address as that for which the application is made?

YES

NO : Address: _____

The applicant is: the holder of full title to the immovable whose name and address is: _____

a duly authorized mandatary whose name and address is:

acting on behalf of: _____

address: _____

the emphyteuta whose name and address is: ____

the usufructuary whose name and address is: __

the superficiary whose name and address is: ____

the occupant whose name and address is: _____

the syndicate whose name and address is: _____

other: _____

3) WORK ZONE NUMBER AND STATION NAME

4) NATURE OF THE WORK (check the appropriate box or boxes)

- Erection of a building;
- Rebuilding of a building except for floor area reconstruction following a fire that occurred in the preceding 24 months;
- Increase in the floor area of a building;
- Redevelopment of a building in connection with a change in use, even partial, consisting in a change from one to another of the following 8 classes:
1. Housing;
 2. Retail, restaurant or entertainment trade and personal services;
 3. Accommodation or conference venue business;
 4. Business offices and professional services;
 5. Institutional;
 6. Industry, wholesale trade, para-industrial services and automobile services;
 7. Research and development industry and data centres;
 8. Other.

5) VALUE OF WORK

\$ _____

6) PROJECT INFORMATION

a) date work is to begin: _____

b) date work is to end: _____

c) date scheduled for occupation of premises: _____

7) INFORMATION IF WORK DONE BY GENERAL CONTRACTOR (if not applicable go to point 8)

a) Name of general contractor: _____

• Amount of contract with general contractor: \$ _____

• Does amount in 7(b) cover elements in addition to those declared in point 5?

YES NO

If yes, what are they and what is their value?

\$ _____

\$ _____

\$ _____

8) INFORMATION IF WORK DONE BY OWNERa) Personal participation YES NO

If yes, for what purpose: _____

b) Hiring of subcontractors and professionals?

YES

NO

If yes, for what purpose? _____

9) FLOOR AREA OF WORK DESCRIBED IN POINT 4

Area increased by each floor covered by the work
including basement, mezzanine and garage work:

_____m²

Area(s) covered by change in use:

_____m²

This section is deemed complete only on receipt and analysis of the detailed plans
that must be filed with this form.

10) SIGNATURE OF APPLICANT AND AUTHORIZATION OF OWNER

I hereby declare that the information appearing herein is true to the best of my knowledge

At _____, this _____

Applicant

Authorization and signature of owner if the application is made by a mandatory or occupant

At _____, this _____

Owner

À L'USAGE DE L'OFFICIER MUNICIPAL

DOCUMENTS TO BE SUBMITTED WITH THE APPLICATION:

	SUBMITTED	
(a) Layout plan by a land surveyor showing lot lines, adjacent streets, location and projection of existing buildings and buildings covered by the work	YES <input type="checkbox"/>	NO <input type="checkbox"/>
(b) Plans, cross-sections, sketches and specifications showing all floor areas covered by the work including mezzanines, basements and garages, as applicable	YES <input type="checkbox"/>	NO <input type="checkbox"/>
(c) Contract with the general contractor and professionals, as applicable	YES <input type="checkbox"/>	NO <input type="checkbox"/>
	N/A <input type="checkbox"/>	
(d) Contracts with sub-contractors and professionals, as applicable	YES <input type="checkbox"/>	NO <input type="checkbox"/>
	N/A <input type="checkbox"/>
