Professional Code
(chapter C-26)

Medical imaging technologist and radiation oncology technologist — Professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist

Regulation respecting a professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist

WHEREAS, under subparagraph *h* of the first paragraph of section 94 of the Professional Code (chapter C-26), the board of directors of a professional order may, by

regulation, determine, among the professional activities that may be engaged in by members of the order, those that may be engaged in by the persons or categories of persons indicated in the regulation, and the terms and conditions on which such persons may engage in such activities;

WHEREAS, in accordance with subparagraph *h* of the first paragraph of section 94 of the Code, the board of directors of the Ordre professionnel des technologistes médicaux du Québec consulted the Collège des médecins du Québec, the Ordre des infirmières et infirmiers du Québec, the Ordre des infirmières et infirmiers auxiliaires du Québec, the Ordre professionnel des inhalothérapeutes du Québec and the Ordre de sages-femmes du Québec before making the Regulation respecting a professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist on 1 June 2018;

WHEREAS, pursuant to section 95 of the Professional Code and subject to sections 95.0.1 and 95.2 of the Code, every regulation made by the board of directors of a professional order under the Code or an Act constituting such an order must be transmitted to the Office des professions du Québec for examination and be submitted, with the recommendation of the Office, to the Government which may approve it with or without amendment;

WHEREAS, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), a draft Regulation respecting a professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist was published in Part 2 of the *Gazette officielle du Québec* of 11 July 2018 with a notice that it could be submitted to the Government for approval on the expiry of 45 days following that publication;

WHEREAS, in accordance with section 95 of the Professional Code, the Office examined the Regulation on 15 October 2018 and then submitted it to the Government with its recommendation;

WHEREAS it is expedient to approve the Regulation without amendment;

IT IS ORDERED, therefore, on the recommendation of the Minister of Justice:

THAT the Regulation respecting a professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist, attached to this Order in Council, be approved.

YVES OUELLET,
Clerk of the Conseil exécutif

Regulation respecting a professional activity that may be engaged in by a medical imaging technologist and a radiation oncology technologist

Professional Code
(chapter C-26, s. 94, 1st par., subpar. *h*)

1. The purpose of this Regulation is to determine, among the professional activities that may be engaged in by medical technologists, an activity that may be engaged in by medical imaging technologists and radiation oncology technologists, as well as the terms and conditions on which such persons may engage in such an activity.

2. Medical imaging technologists and radiation oncology technologists may take blood samples, further to a prescription and when required by a medical imaging examination or by a treatment in radiation oncology.

3. To engage in the professional activity described in section 2, technologists must hold a training attestation issued by the Ordre des technologues en imagerie médicale, en radio-oncologie et en électrophysiologie médicale du Québec confirming the successful completion of supplementary training containing the following 2 modules:

- (1) theoretical training of 8 hours on
 - (a) sampling methods;
 - (b) the preanalytical phases of venipunctures and capillary punctures and blood sampling by catheter;
 - (c) injection techniques;
 - (d) management of clientele needing a special approach;
- (2) clinical training which consists in engaging in, at least 4 times, the professional activity provided for in section 2 under the immediate supervision of a professional authorized to engage in that activity, and such supervision has been recorded on a form bearing the date and place as well as the name and signature of the professional who has supervised them.

4. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.
