Committee on Agriculture, Fisheries, Energy and Natural Resources

General consultation

On the impact of pesticides on public health and the environment and the current and future innovative alternative practices in the agriculture and food sectors, with due regard for the competitiveness of Québec's agri-food sector

The Committee on Agriculture, Fisheries, Energy and Natural Resources will be holding public hearings as part of its general consultation on the impact of pesticides on public health and the environment and the current and future innovative alternative practices in the agriculture and food sectors, with due regard for the competitiveness of Québec's agri-food sector.

A consultation document is available on the Committee's web page at www.assnat.qc.ca and from the Committee clerk.

Individuals and organizations wishing to voice their views during the public hearings must submit a brief to the Committee clerk no later than July 26th, 2019. Briefs must be on letter-size paper and can be sent by email (unprotected PDF or WORD file) or regular mail. They must include a summary of their contents.

Individuals who do not submit a brief but wish to be heard during the public hearings must file a request to that effect with the Committee clerk by July 26th, 2019. The request must include a short statement summarizing the nature of the presentation.

The Committee will choose the individuals and organizations it will hear from among those that have submitted a brief. The same holds for the individuals that have filed a request to be heard. Hearings will begin in September 2019.

Unless the Committee decides otherwise, briefs will be made public and posted on the Committee's web page, along with any personal information they contain.

Deadlines for submitting briefs and requests to be heard are subject to change, as is the opening date for public hearings. If changes are made, the information will be made public via the National Assembly website without further notice being published in the newspapers.

Briefs, requests to be heard and information requests must be sent to: Dominic Garant, Acting Clerk of the Committee on Agriculture, Fisheries, Energy and Natural Resources, Édifice Pamphile-Le May, 1035, rue des Parlementaires, 3^e étage, Québec (Québec), G1A 1A3.
