Gouvernement du Québec

O.C. 758-2020, 8 July 2020

Mining Act
(chapter M-13.1)

Date of transmission of the report of extraction and alienation of surface mineral substances covering the term of 1 April 2020 to 30 June 2020

Regulation respecting the date of transmission of the report of extraction and alienation of surface mineral substances covering the term of 1 April 2020 to 30 June 2020

WHEREAS, under paragraph 14.1 of section 306 of the Mining Act (chapter M-13.1), the Government may, by regulation, fix the dates on which the report referred to in section 155 of the Act must be transmitted to the Minister and prescribe the cases in which the Minister may, in accordance with the second paragraph of that section, allow one yearly report or require the holder of a non-exclusive lease to mine surface mineral substances to transmit monthly reports;

WHEREAS the Government made the Regulation respecting mineral substances other than petroleum, natural gas and brine (chapter M-13.1, r. 2);

WHEREAS, in the context of the COVID-19 pandemic, it is expedient to postpone to 15 October 2020 the date prescribed by the Regulation for the transmission of the report of extraction and alienation of surface mineral substances referred to in section 155 of the Mining Act covering the term of 1 April 2020 to 30 June 2020;

WHEREAS, under paragraph 1 of section 12 of the Regulations Act (chapter R-18.1), a proposed regulation may be made without having been published as provided for in section 8 of that Act if the authority making it is of the opinion that the urgency of the situation requires it;

WHEREAS, under subparagraph 1 of the first paragraph of section 18 of that Act, a regulation may come into force on the date of its publication in the *Gazette officielle du Québec* where the authority that has made it is of the opinion that the urgency of the situation requires it;

WHEREAS, under sections 13 and 18 of that Act, the reasons justifying the absence of prior publication and such coming into force must be published with the regulation;

WHEREAS the Government is of the opinion that the urgency due to the following circumstances justifies the absence of prior publication and the coming into force on the date of its publication of the Regulation respecting the date of transmission of the report of extraction and alienation of surface mineral substances covering the term of 1 April 2020 to 30 June 2020:

— the making of the Regulation is necessary to allow the holders of leases to mine surface mineral substances to continue their activities, to ensure the availability of and quick access to the resource, to prevent the lease holders from being in default under the Mining Act and the Regulation respecting mineral substances other than petroleum, natural gas and brine, and to avoid additional costs for holders of leases to meet their obligations where the default is not necessarily attributable to them;

WHEREAS it is expedient to make the Regulation;

IT IS ORDERED, therefore, on the recommendation of the Minister of Energy and Natural Resources:

THAT the Regulation respecting the date of transmission of the report of extraction and alienation of surface mineral substances covering the term of 1 April 2020 to 30 June 2020, attached to this Order in Council, be made.
