

Gouvernement du Québec

**O.C. 778-2021, 2 June 2021**

Act respecting roads  
(chapter V-9)

**Lookouts, rest areas, service areas and parking lots located in the right of way of a road under the management of the Minister of Transport — Amendment to Order in Council 483-95 dated 5 April 1995**

Amendment to Order in Council 483-95 dated 5 April 1995 concerning lookouts, rest areas, service areas and parking lots located in the right of way of a road under the management of the Minister of Transport

WHEREAS the Government, under the first paragraph of section 2 of the Act respecting roads (chapter V 9), determines, by Order in Council published in the *Gazette officielle du Québec*, the roads under the management of the Minister of Transport;

WHEREAS, under section 5 of the aforementioned Act, the provisions of the Act which apply to roads, except for section 6, shall also apply to lookouts, rest areas, service areas, control stations and parking lots located in the right of way of a road;

WHEREAS Order in Council number 483-95 dated April 5, 1995, and its subsequent amendments determined, by municipality, the lookouts, rest areas, service areas, control stations and parking lots located in the right of way of a road under the management of the Minister of Transport;

WHEREAS the schedule of this Order in Council and its subsequent amendments should be amended again, with regard to the municipalities indicated, to add a rest area, a lookout, service areas and control stations located in the right of way of a road under the management of the Minister of Transport, as indicated in the schedule of this Order in Council;

WHEREAS the schedule of this Order in Council and its subsequent amendments should be amended again, with regard to the municipalities indicated, to relinquish the management of equipment and cease recognizing it as a lookout, rest area, service area or control station, as indicated in the schedule of this Order in Council, so that the Minister of Transport can dispose of it in compliance with the law;

IT IS ORDERED, therefore, on the recommendation of the Minister of Transport:

THAT the schedule of Order in Council number 483-95 dated April 5, 1995, and its subsequent amendments be amended again, with regard to the municipalities indicated, to add a rest area, a lookout, service areas and control stations located in the right of way of a road under the management of the Minister of Transport, as indicated in the schedule of this Order in Council;

THAT the schedule of Order in Council number 483-95 dated April 5, 1995, and its subsequent amendments be amended again to relinquish the management of equipment and cease recognizing it as a lookout, rest area, service area or control station, as indicated in the schedule of this Order in Council, so that the Minister of Transport can dispose of it in compliance with the law;

THAT this Order in Council be effective as of the date it is published in the *Gazette officielle du Québec*.

YVES OUELLET  
*Clerk of the Conseil exécutif*

**SCHEDULE**

**LOOKOUTS, REST AREAS, SERVICE AREAS AND CONTROL STATIONS LOCATED IN THE RIGHT OF WAY OF A ROAD UNDER THE MANAGEMENT OF THE MINISTER OF TRANSPORT**

**PRESENTATION NOTE**

Lookouts, rest areas, service areas and control stations located in the right of way of a road under the management of the Minister of Transport are described for each municipality in which they are located. The update of the schedule of Order in Council number 483-95 dated April 5, 1995, and its subsequent amendments states the location and description of the infrastructure.

**(1) Name of municipality (name, status, geographical code)**

Name of the municipality in which the infrastructure is located.

**(2) Road name**

Name of the road where the infrastructure is located.

**(3) Official name or type of infrastructure**

Official name of the infrastructure recognized by the Commission de toponymie. The type of infrastructure is indicated in the absence of a name. Control stations and areas often do not have an official name.

**(4) Location, road, segment, section, and side**

Identification of the location of the infrastructure.

The roads are identified by a sequence of figures composed of 4 different groups:

Group 1: road number (5 figures);

Group 2: road segment number (2 figures);

Group 3: road section number (3 figures);

Group 4: side of autoroute (left, right).
