In addition, the draft Regulation allows occupational therapists and physiotherapists to certify the necessity of the need for certain special benefits related to ambulatory aid.

Draft Regulation

Act respecting parental insurance
(chapter A-29.011)

Under the Act — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation under the Act respecting parental insurance, made by the Conseil de gestion de l’assurance parentale and appearing below, may be approved by the Government on the expiry of 45 days following this publication.

The draft Regulation replaces the method for calculating the increase of benefits by a method that takes into account, in particular, the individual income of a recipient rather than the family income. It determines that the eligibility threshold for the increased weekly benefits is the threshold that corresponds to the minimum wage for a regular workweek.
