Draft Regulation

Act respecting contracting by public bodies
(chapter C-65.1)

Act mainly to promote Québec-sourced and responsible procurement by public bodies, to reinforce the integrity regime of enterprises and to increase the powers of the Autorité des marchés publics (2022, chapter 18)

Conditions governing the application of Chapter V.1 of the Act respecting contracting by public bodies (chapter C-65.1) with respect to the integrity of enterprises

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation respecting certain conditions governing the application of Chapter V.1 of the Act respecting contracting by public bodies with respect to the integrity of enterprises, appearing below, may be approved by the Conseil du trésor on the expiry of 45 days following this publication.

The draft Regulation determines the information and documents to be provided by an enterprise to obtain and maintain the authorization to contract provided for in section 21.17 of the Act respecting contracting by public bodies (chapter C-65.1). It also sets out the conditions for updating the information previously provided by an enterprise.

The draft Regulation introduces the requirements respecting the information and documents to be filed together with an application for the examination of integrity by an unauthorized enterprise that has become ineligible under section 21.4 of the Act.

The draft Regulation integrates provisions respecting the communication of information by the public bodies mentioned in Schedule II to the Act and those respecting the conditions for sending the information provided for in section 21.7 of the Act.

The draft Regulation replaces the Regulation of the Autorité des marchés publics under an Act respecting contracting by public bodies (chapter C-65.1, r. 0.1) and the Regulation respecting the register of enterprises ineligible for public contracts (chapter C-65.1, r. 8.1).

The draft Regulation has no impact on the public. It results in administrative relief for enterprises and should have no negative impact on enterprises, including small and medium-sized businesses.
