Act respecting the Société des alcools du Québec (chapter S-13)

Wine and other alcoholic beverages made or bottled by holders of a wine maker’s permit — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting wine and other alcoholic beverages made or bottled by holders of a wine maker’s permit, appearing below, may be made by the Government on the expiry of 45 days following this publication.

Section 12 of Regulation respecting wine and other alcoholic beverages made or bottled by holders of a wine maker’s permit (chapter S-13, r. 7) authorizes holders of a wine maker’s permit to indicate the production method on the containers of the effervescent wine they make or bottle. There are two possible methods: the “bulk process”, where the last stage of fermentation takes place in closed vats and the “Champagne process”, where the last stage of fermentation takes place in the bottle. The expression “Champagne process” is protected by the geographical indication “Champagne”. The purpose of the draft Regulation is therefore to replace the expression “Champagne process” in section 12 by an equivalent expression, “traditional process”.
